WELCOME TO ELEVATE

A Musical Theatre Training & Performance Company

Elevate Performing Arts Company is Balance Dance Studios' **musical theatre program** for youth performers who are ready to grow – artistically, creatively, and collaboratively. Built on **integrated training in singing, acting, & movement**, Elevate offers students meaningful performance opportunities within a supportive, ensemble-driven community.

As Balance Dance Studios enters into an exciting new chapter, including a new performing arts complex, complete with a 430 seat theatre, we are intentionally expanding and refining Elevate to meet growing interest and demand.

Elevate offers a musical theatre company that bridges **training and performance**, balances **clear expectations with joy**, and offers thoughtful pathways for performers at **different ages and stages**.

At Elevate, training is taken seriously. Rehearsals are focused, purposeful, and collaborative. At the same time, we believe **young artists thrive when they feel supported, connected, and inspired to take creative risks**. We value curiosity alongside discipline, growth alongside accountability, and the magic that happens when young artists create - together!

At Elevate, students don't just attend classes. They train, rehearse, perform, and grow together, learning what it means to be part of a theatre company rooted in both excellence *and* heart.

THE ELEVATE PATHWAYS

Three Pathways. One Connected Ensemble.

Elevate offers thoughtfully designed pathways that support performers at different ages, experience levels, and stages of development. Each pathway blends integrated training, in singing, acting, and dance, with meaningful performance opportunities.

Placement and progression are guided by readiness and growth, allowing for intentional overlap, and internal levels within pathways, as performers develop.

Elevate Spotlight

A joyful and engaging performance pathway for **developing performers**, designed to build confidence, creativity, and a love of musical theatre. Spotlight includes multiple internal levels that allow performers to grow at their own pace while participating in age-appropriate productions and ensemble experiences.

Elevate Encore

A dynamic and inspiring performance pathway for more **experienced performers** ready to dive deeper into their craft. Encore challenges students through ambitious material, ensemble-driven work, and expanded performance opportunities, while fostering leadership and artistic ownership.

Elevate Studio

A **creative training pathway** for performers who want to build, strengthen, or refine their musical theatre skills in singing, acting, and movement. Studio offers classes from introductory through advanced levels and also serves as a natural pathway into Elevate's performance companies.

ELEVATE SPOTLIGHT

A Performance Company with Room to Grow

Ages 5-11, with leveled pathways based on age & experience

Elevate Spotlight is a performance company that blends **meaningful musical theatre training** with **fully realized performance opportunities**, serving ages 5-11 (with leveled pathways based on age & experience). Strong foundations are built in singing, acting, and movement while students learn how to rehearse, collaborate, and tell stories onstage, as part of a joyful, supportive theatre community.

Rehearsal & Training

Tuesdays starting at 4pm

Weekly rehearsals include integrated training in singing, acting, and movement for musical theatre. Rehearsal work connects skill-building directly to Spotlight's various performance opportunities.

Performance Opportunities

3 Spotlight pathways

Each performer is placed in a level designed to support their growth, confidence, and next steps based on both age + experience.

A joyful, confidence-building introduction to musical theatre through singing, acting, and movement.

- Tuesdays, 4:00-5:30pm
- Play-based learning + foundational skills

Spotlight Jr (Ages 7-9)

Builds strong foundations while introducing more structure, focus, and independence in rehearsal.

Company Placement Note

With the exception of Broadway Babies, Spotlight company placement is best for performers with some prior experience and readiness for a rehearsal-based environment. If a student is still building foundational skills, we may guide them toward Elevate Studio to help set them up for success.

ELEVATE ENCORE

A Performance Company with Space to Lead

Ages 11+ | Experience & Readiness-Based Placement

Elevate Encore is a performance company for **more experienced performers seeking deeper musical theatre training** alongside expanded performance opportunities. Encore blends **focused skill development** with **dynamic performance opportunities**, challenging performers to work with greater focus and intention, deepening their artistry and taking real ownership of the stories they tell onstage.

Rehearsal & Training

Tuesdays, 5:30–8:30pm

Weekly rehearsals provide **three hours of integrated musical theatre training**, including **dedicated dance technique and voice training blocks**. Encore rehearsals operate with elevated expectations for focus, preparation, and collaboration, helping performers build the discipline and professionalism needed for high-level musical theatre work, while maintaining an encouraging, respectful and joy-filled environment.

- **One additional training class required**, with *Advanced Musical Theatre Lab* (Wed 7–8:30pm) strongly encouraged for deeper work in acting, vocal technique, audition preparation, and exploring industry pathways beyond the stage.

Placement Note

Encore placement is guided by experience, readiness, and overall fit, rather than age or grade level alone. Some performers may transition into Encore earlier, while others benefit from continued growth within Spotlight before moving into this pathway.

Performance Opportunities

Encore performers participate in a robust season of performance experiences, including:

- **Fall Showcase**
- **Encore Spring Musical**
- **Ongoing Solo Series**
- **Balance Dance Studios' Recital**
- **Additional community performances such as Trail of Lights & Company Info Day**

ELEVATE STUDIO

Training & Skill-Building Pathway | Ages 8+

Elevate Studio is a **training-focused pathway** of open-enrollment classes for students who want to **strengthen & refine their musical theatre skills** without the full rehearsal and performance commitment of a company track. Studio classes support developing performers, advanced students seeking deeper technique, company members seeking supplemental training, and those balancing other training commitments.

Elevate Studio also serves as an **intentional on-ramp** into company placement as readiness and experience grow.

Studio Classes (Wednesdays)

Studio classes allow more time for creative exploration, acting work, and skill-building than is possible within rehearsal-based company tracks.

Ages 8+ | 5:00–6:00pm

Foundational training in singing, acting, and movement for theatre, with an emphasis on confidence, focus, and “fun”damentals!

AUDITIONS & COMMITMENT

A Year with Elevate

Elevate is designed as a **year-long experience** and commitment that balances training, rehearsal, and performance — including Elevate Rehearsal on Tuesdays, additional training classes (level dependent), and a required, truly impactful **summer intensive**.

From summer training through the spring musical, students are guided on a cohesive journey that builds skills, confidence, and ensemble connection over time.

Auditions & Placement

Elevate uses an audition and placement process to ensure each performer is supported at the level where they are most likely to grow and thrive. Auditions allow us to consider experience, focus, readiness, and the ability to work within an ensemble—not simply raw talent.

Based on the audition process, performers may be:

- Placed in **Elevate Spotlight** or **Elevate Encore**
- Or recommended for **Elevate Studio** as a strong foundational training pathway

**Elevate Studio provides an exciting & supported pathway toward future company placement as readiness develops.*

Now based in Austin, Chantel directs multiple youth theatre programs and vocal ensembles throughout the community and runs a private voice studio specializing in healthy technique, performance confidence, and audition preparation. She is also a homeschooling parent, and her daughter has grown up making Balance Dance Studios her dance home—deepening Chantel's personal connection to the studio community and the families it serves. At the heart of Chantel's work is a commitment to creating a brave, supportive environment where students are challenged artistically, supported personally, and encouraged to find their voice—onstage and beyond.

Shawna Hesketh
Broadway Babies & Spotlight Junior Choreographer

Shawna Hesketh started dancing at an early age, at her one-room studio, in her small central Texas hometown. Her love of dance continued to grow, and she went on to join her high school's drill/dance team, and then began teaching dance at the age of 16. She attended Sam Houston State University, and graduated with a Bachelor of Arts degree, in Photography and Dance.

While at SHSU, she was in several performances, including a graduate thesis, and also worked in the costume department for their Nutcracker production. After moving to Austin, she got back into dance full-time, diving into ballroom dancing.

Shawna then joined Balance Dance Studios, in the fall of 2012, in its inaugural year. Since then, she has created a home and family with Balance, is also the Director of Ignite Dance Company, and now gets to share this journey with her two children, as she watches them dance and grow.

Kyra Jackson
Elevate Choreographer & Assistant Director

Kyra Jackson is a dancer, choreographer, and performer born and raised in Austin, Texas. She joined Balance Dance Studios in 2025 and brings a dynamic blend of technical training, theatrical storytelling, and professional performance experience to her work.

Kyra has taught and choreographed for Impact Arts, Westwood High School, and the ZACH Pre-Professional Company, among others. Her performance credits include Sally in A Charlie Brown Christmas at ZACH Theatre, Jimmy 1 in Grand Hotel with The Alchemy Theatre, and Harper in Someone to Watch Over Me with Bandwagon Arts.

Deeply passionate about theatre and dance education, Kyra is committed to inspiring the next generation of young artists. She believes in creating meaningful, beautiful work grounded in passion, discipline, and pride in the process.
